There was once a little bird who was very nice, but very, very lazy. When there was some job he had to do, he would keep putting it off until there was hardly enough time left to do it. So he couldn't finish any job in time.

Once, in the autumn, when the birds had just started feeling cold, they began to prepare for the long journey to a warmer land. But the little bird kept putting it off. He was quite sure that there would be plenty of time to prepare for the journey. That was, until one day when he woke up and all the other birds were gone.

The little bird, who didn't know how to make the journey alone, realised that, he would have to spend the long cold winter all on his own.

In the beginning, he spent a lot of time crying. But soon he knew that he had to put his laziness aside. He began to prepare for the winter. First, he found a place which could protect him from cold. It was a cave. He made a nest there. Then, he worked to fill the nest with fruits, enough to last the whole winter. Finally, he made a little pool in the cave, so he would have enough water.

That she would send me out to get
A chocolate ice cream cone.

And so I did the things she said
And then she made some Gingerbread
Then I went out, just me alone
And got my chocolate ice cream cone.

While coming back I struck my toe
Upon a big old stone
Now need I tell you that I dropped
My chocolate ice cream cone.

A little dog came along
And he took a great big lick
And so I hit that mean* old dog
With just a little stick.

Then he bit me where I sat down
And he chased me all over town
So, now I'm lost, I can't find my home
And all because of that chocolate ice cream cone
